

ULTRA WAH UW300

Ultimate Auto-Wah Effects Pedal

Thank you for showing your confidence in us by purchasing the BEHRINGER ULTRA WAH UW300. This high-quality effects pedal delivers auto-wah effects for almost all styles and sounds. Control the wah effect with your string-picking strength and add an awesome funky touch with the modulation wah pedal.

1. Controls

- 1 The **RATE** control determines the speed of the wah effect modulation.
- 2 The **DEPTH** control adjusts the sweep range of the effect. Turn it to the right to increase the range. At minimum position no modulation effect is produced and the wah effect is controlled by your playing intensity only. In this case the RATE control has no function.
- 3 The **MANUAL** control adjusts the basic frequency where the effect starts working. High MANUAL settings will decrease the sweep range, because the low end of the frequency sweep is moved upwards.
- 4 The **SENS** control adjusts the sensitivity of the effect. Nearer maximum position you achieve wah effect even with soft playing, nearer minimum position the wah effect will not be dependent on your playing dynamics.
- 5 The **ON/BATT** LED illuminates when the effect is activated. It also serves as a battery level indicator.
- 6 Use the footswitch to activate/deactivate the effect.
- 7 Use this 1/4" TS **IN** connector to plug in the instrument cable.
- 8 The 1/4" TS **OUT** connector sends the signal to your amp.

Use the **DC IN** connection to plug in a 9 V power supply (not included).

The **BATTERY COMPARTMENT** is located underneath the pedal cover. To install or replace the 9 V battery (not included), press the hinges with a ballpoint pen and remove the pedal cover. Be careful not to scratch the unit.

- ◆ **The UW300 has no on/off switch. As soon as you insert the plug into the in connector, the UW300 is on. When not in use, remove the plug from the in connector. This extends the life of the battery.**

The **SERIAL NUMBER** is located at the underside.

2. Safety Instructions

Do not use near water, or install near heat sources. Use only authorized attachments/accessories. Do not service product yourself. Contact our qualified servicing personnel for servicing or repairs, especially when power supply cord or plug is damaged.

3. Warranty

Please register your new BEHRINGER equipment right after your purchase by visiting <http://behringer.com> and read the terms and conditions of our warranty carefully.

4. Specifications

In	
Connector	¼" TS
Impedance	500 kΩ

Out	
Connector	¼" TS
Impedance	1 kΩ

Power Supply	
	9 V  , 100 mA regulated

BEHRINGER PSU-SB

USA/Canada	120 V~, 60 Hz
Europe/U.K./Australia	230 V~, 50 Hz
China	220 V~, 50 Hz
Korea	220 V~, 60 Hz
Japan	100 V~, 50/60 Hz

Power connector	2 mm DC jack, negative center
Battery	9 V type 6LR61
Power consumption	30 mA

Physical/Weight	
Dimensions (H x W x D)	approx. 2 ½ x 2 ¾ x 4 ½"
Weight	approx. 0.73 lbs / 0.33 kg
