Super Fly... Super Fine!

This bad, mamma jamma, is a super-sharp beam fixture that's cold as ice! The Torrent Streak™ is one fly fixture that's not to be messed with. Powered by a single source, 75w Luminus LED, this fixture is truly boss! As the long awaited successor to the Torrent 90™ Beam, we've drastically improved output while decreasing power draw by using a brand new LED engine and stunning, custom designed all-glass optics. The Torrent Streak™'s beam blows the tube socks off conventional discharge beam fixtures costing 5 times as much!

The Torrent Streak™ features 1 x 75w 6500K LED light source that produces an ultra-narrow, sharp, 2° beam angle. The Torrent Streak™ features a superfly 8-facet prism, for way out patterns and aerial effects that are too fab for words! It has 3 user-selectable DMX modes with 11, 13 or 15 channels to choose from. The Torrent Streak™ also has a switchable 540°/630° pan and 270° tilt, along with 3-phase motors, with 8/16-bit resolution. Its color wheel with 11 colors, plus open, also includes UV and it has 1 gobo wheel with 11 static gobos. This is just a few of its many funky features!

The Torrent Streak™ comes equipped with an easy-to-use LCD 4-button control panel, industry standard powerCON® compatible power In/Out connections, DMX In/Out jacks, and dual quarter-turn "Omega" quick connect type clamp brackets, making this a psychedelic, super-rad moving beam fixture!

The Torrent Streak™ has built-in sound active and 8 automatic programs, as well as master/slave options. But, the lowdown is the DMX recorder/editor built-in for standalone operation.

With its razor-sharp beam and funkadelic options, this cool cat will for rizzle impress you! Can you dig it?

Main Features:

- 1x Luminus CBT-140 75W LED, 6500K light source
- Ultra-narrow, sharp 2 degree beam angle
- 3-phase pan/tilt motors with 8/16-bit resolution
- Switchable 540/630 degree pan and 270 degree tilt
- Static gobo wheel with 11 gobos
- Color wheel: 11 colors (including UV) + open
- Variable direction rainbow effects with adjustable speeds
- Electronic dimmer and focus
- 8-facet prism with variable speed and direction
- Motorized linear iris with pulse/burst functions
- Variable linear frost filter
- 0-100% 16-bit electronic dimmer
- 0-20Hz strobe w/random, pulse in/pulse out functions
- 11/13/15 channel modes including custom design mode
- 8 easy-to-use built-in programs
- LCD-based menu system
- DMX recorder/editor built-in for standalone operation
- Variable speed cooling fans with smart LED protection
- ¼-turn "omega" style clamp brackets
- POWERCON-compatible power in/out

TORRENT STREAK

Light Source

- 1* Luminus CBT-140 75W LED, 6500K

Control

- Protocol: USITT DMX-512
- DMX Channels: 11/13/15
- Operating Modes: Standalone, Master/Slave, Auto, Sound plus custom design mode

Active

- Input: 3-pin XLR Male
- Output: 3-pin XLR Female
- LCD 4-button control panel

Optical

- Beam Angle: 2° degree beam

Movement Range

- Pan: 540°/630°
- Tilt: 270°

Power

- Operating Voltage 90-260VAC, 50-60Hz
- Power Consumption 175W, 2.36a, pf:65

Operating Temperature

- Max. Operating Temp.: 104 degrees F (40 degrees C) ambient

Dimensions

- Width: 10 inches (254 mm)
- Depth: 13.5 inches (322 mm)
- Height: 19.3 inches (490 mm)
- Weight: 25.4 lbs (11.5 kg)

Warranty

- 2-year limited warranty, does not cover malfunction caused by damage to LEDs.
