

PIX-SSD6

240 GB SSD Media

The PIX-SSD6 is an OWC Mercury Extreme Pro 6G solid-state drive for use with the PIX series video recorders. Reference the instructions included on the PIX-CADDY2 for mechanical connectivity to the Caddy.

exFAT Volume Formatting

Sound Devices has pre-formatted the media as a exFAT volume for immediate use in PIX recorders. This formatting is exclusive of the PIX recorders. exFAT formatted media is visible in Mac OS, Windows, and Linux. See the PIX User Guide for additional information on exFAT formatting.

exFAT drive formatting is not compatible with Sound Devices 7-Series audio recorders.
