

JELLY GRESSOR™

#JEL407

Startec
SERIES
by ADJ

Part of the ADJ Startec Series, the Jelly Gressor is a portable lighting effect that has 2-FX-IN-1. It features a glowing see-through case that changes colors, plus it's a Moonflower that produces vibrant beams of light.

The Jelly Gressor moves to the beat of the music and has built-in color changing lightshows. It's designed to run all night with no duty cycles.

On the rear panel users may hook a safety cable (sold separately) to the Jelly Gressor, plus daisy chain the power via the IEC power In/out. 17 Jelly Gressors may be linked at 120V, while 30 may be link at 230V operation. This fixture has an auto sensing multi-voltage power supply.

Specifications:

- Unique LED lighting effect with clear plastic case that offers two effects in one; (1) Bright RGB colors beams and (2) a color changing, glowing case
 - No Duty Cycles! – Runs extremely cool! – Run all night! Designed for continuous long-lasting operation
