

TV Entertainment and Advertisements on One Screen

SuperSign TV LX540S

The LX540S includes a built-in TV tuner to broadcast TV programs and deliver advertisements simultaneously. This affordable solution allows you to create content and manage displays using the SuperSign™ Lite software. The 74 screen templates included with the display make it easier than ever for anyone to create dazzling content.

- Built-in speakers and TV tuner
- Wi-Fi Dongle Ready
- USB Plug and Play
- Fail Over
- SuperSign Lite/C Compatibility

Screen Sizes
65", 60", 55", 49", 43"

Simple Connectivity

With the built-in SoC* and Wi-Fi dongle support, installation has been simplified. By removing the external media player and Ethernet/RS232C cables, the total cost of ownership (TCO) can be reduced.

* System on Chip

Fail Over

The USB failover function enables content to be displayed without dead spots when no input signal is available. It supports files in JPG format with a maximum file size of 10 MB.

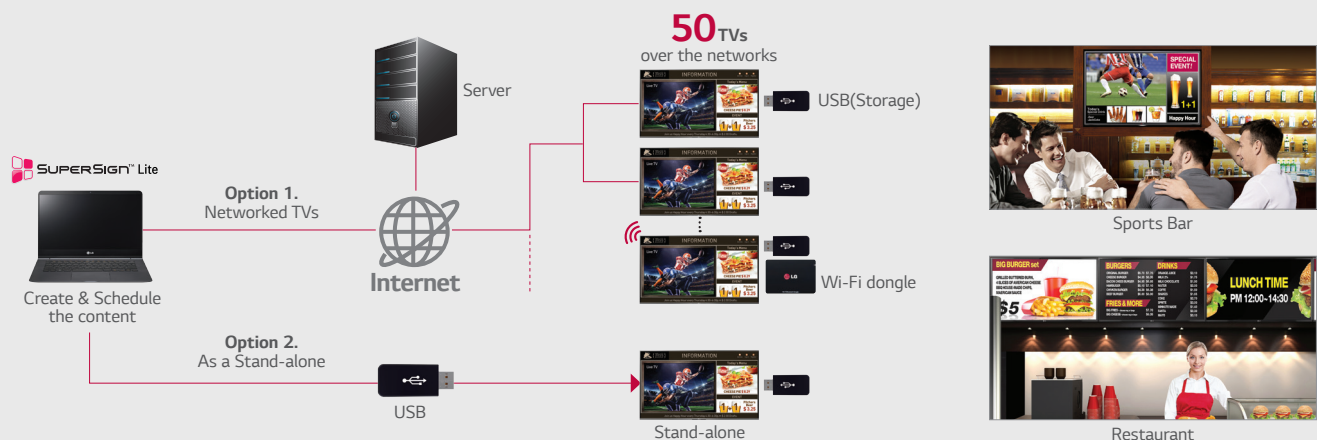

Content Management

The SuperSign™ Solution includes SuperSign Lite and C features to provide digital media editing, scheduling, distribution, and management capabilities. Replace the last sentence with the following: The SuperSign Lite software will give you the capability to connect up to 50 TV's and/or monitors.

SuperSign™ Solutions

- Supports a single user and up to 50 clients
- Includes dedicated TV templates
- Features a playlist editor
