

HDX

PROFESSIONAL HARD DRIVES

The Avastor HDX Series desktop hard disk drives are the perfect external storage solution for the most intensive data usage in the world. The HDX hard disk drive is designed and engineered to maintain the integrity of your stored data while enhancing its retrieval, identification, and stability. The HDX offers ease of use speed of today's most advanced interface technology.

Available in 2 configurations: HDX-800 and HDX-1500. The HDX offers the widest variety of connectivity to ensure you get what you need. The HDX-800 offers USB 2.0, FW400, and FW800 Interfaces. The HDX-1500 sports the new USB 3.0 port as well as FW400, FW800, and eSATA interfaces. They both use the latest Oxford 944 chipset.

Every HDX comes in the LockBox™, a ruggedized carry case, which ensures protection of your valuable data when you are on the move. This custom foam-lined carry case has secure lockable latches and is capable of carrying two HDX hard drives at once.
