

THE Rapco Horizon COMPANY

NMS SWITCHING MICROPHONE CABLE

This cable takes a Lo-Z mic cable and adds a silent on/off switch to any microphone. Manufactured with top quality Neutrik connectors. The XLR female has on/off rotary switch. The outer jacket is a durable and flexible matte PVC compound.

Available in black, blue, green, purple, red, and white. Neon colors available are neon blue, neon green, neon orange, neon pink, and neon yellow.

Common lengths (in feet): 1, 2, 3, 6, 10, 15, 20, 25, 30, 50, 75, 100.
Other lengths available upon request.

NMS-x

(replace x in model number with length)
