LightCast Wireless Device Collaboration

Unlock InFocus' LightCast technology to wirelessly project your Apple, Windows or Chrome device content using its native AirPlay and Miracast software or our free LightCast Sender.

LightCast also gives your projector an Internet browser and digital whiteboard to use without connecting a device. LightCast Key comes free with in the LC models.

Carry it Everywhere

At only 3.5 lbs. and the size of a small hardback novel, IN1110 Series projectors are easy to pack and carry in their included soft case, a backpack or your laptop bag. Take your presentations with you and never worry about on-site AV again.

Display from No Device at All

Leave your laptop behind and project images, audio and video directly from these projectors' on-board 4GB memory. Just load your files and go.

Built for the Road

These projectors have a recessed lens to keep them safe from impact. Plus their smooth exterior has no edges to snag or break off when putting it in or removing it from a carrying case.
