

# LS7720QIK

## Quick-Connect u-mount® Lighting Stand

LIGHTING STANDS & ACCESSORIES

### FEATURES AND BENEFITS

LS7720QIK is the first lighting stand to utilize the u-mount Mounting System. With its patented elliptical enveloping clamp, the u-mount system is the fastest, most secure way to erect and dismantle lightweight portable lighting arrays. The LS7720QIK takes our proven T-bar design and adds a pair of brace-less, virtually instant-mount side bars (LSA7700P also sold separately). These side bars can be moved freely up, down, and around the stand. Without obstructive bracing, more fixtures can be mounted in limitless configurations, and set up and tear down times are drastically reduced. The LS7720QIK features an aluminum base and trunk, plus a steel upper shaft for an excellent mix of strength and lightweight.

Patented elliptical enveloping clamp allows for quick and secure setups & teardowns.

Mounting hardware included (nuts and bolts). LED Lights and brackets sold separately.

Mount up to 18 LED's on 1 Stand!

The LS7720QIK comes with two LSA7700P allowing for a max of 12 LED par cans. Additional LSA7700P allows for a max of 18 LED par cans.

### PRODUCT SPECIFICATIONS

#### LS7720QIK Lighting Stand

- > **Max Height:** 10.5"
- > **Base Spread:** 48"
- > **Weight Capacity:** 110 lbs.
- > **Construction:** High-grade aluminum & steel

#### LSA7700P Lighting Arms

- > **Length:** 29"
- > **Diameter:** 2"
