Switcher Control Surface

Compact Broadcast Switcher Panel for BlackMagic Design ATEM
Developer Host Mode for Easy Integration into Custom Software Applications

JLCooper's new Proton™ – Switcher Control Surface is a full featured compact hardware control panel for fast video switching in live production environments.

It controls Blackmagic Design ATEM 1 M/E Production Studio 4K and ATEM Television Studio and includes a "Host Mode" for software developers.

Its fast, intuitive control and low cost make Proton a game changer for mobile, sports, educational, corporate, computer, house of worship and other applications.
