

DH5e-DK

5" 4K Support HDMI On-Camera LCD Field Monitor Deluxe Kit

ONE SHEET

Overview

The successor to the popular DH5 is here! The DH5e keeps what made the original great: it's small, lightweight and has great image quality. In addition, it now features 4K and Ultra HD support as well as an intuitive touch screen that allows for "Pinch-to-Zoom" pixel to pixel. The DH5e is the perfect monitor for those who need an easy-to-use lightweight on-camera monitor such as gimbal operators, or shooters that are always on-the-go.

The Deluxe Kit comes with a soft case, battery, charger, standard to micro HDMI cable, standard to mini HDMI cable, sun visor, sunhood, screen protector, screen wipe, a USB drive for software updates as well as a Canon E6 and Sony L Battery plate. We pack a lot of value into a small package!

DH5e-DK

Features you need, Prices you want.

Full HD & Touch Capability

The Full HD 1920x1080 panel on the DH5e-DK is amazingly clear, packing 440 pixels per inch. The touch capability is new for the DH5e. Now you can easily and intuitively zoom in and out of your shot with the pinch-to-zoom gesture. You can also get a quick glance at your menu settings and features with an easy tap on the screen.

Tools You Need

The DH5e-DK is equipped with all of the necessary software features to create the perfect shot: false color, peaking, zooming, guides as well as histogram and audio meters. It also features image flip so you can adjust the 5" camera monitor according to your needs.

Inputs & Outputs

It's incredibly easy to set your HDMI input and output signals on the DH5e-DK. A headphone jack and audio meter display helps you make sure audio levels are optimally set.

In the Box

The DH5e comes with a sunvisor, sunhood, screen protector, screen wipe, a USB drive for software updates as well as Canon E6 and Sony L Battery plate. We pack a lot of value into a small package!
