

ProMAX v2™

Stand-Mounted Acoustical Panels

FEATURES:

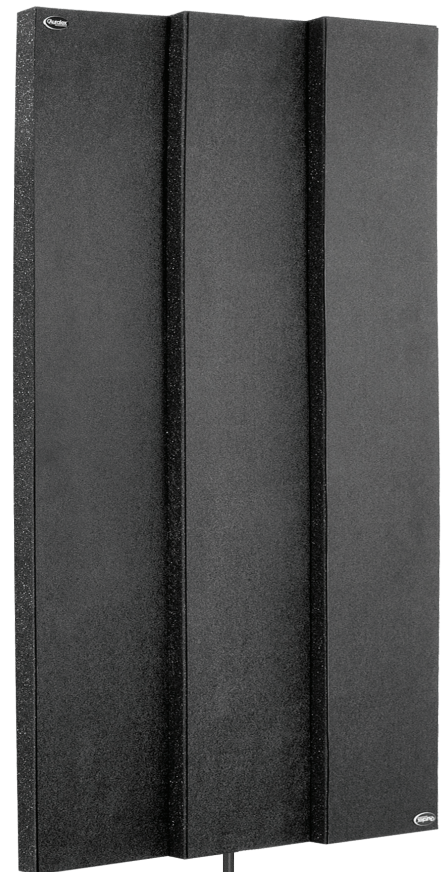

- Portable & Lightweight
- Dual Absorptive/Reflective Sides Tune Virtually Any Space
- Reduce Unwanted Reverberation & Eliminate Standing Waves
- ProMAX v2 Set Includes: 2 Panels and Round Base Mounting Stands

Auralex's updated ProMAX v2 is designed as a portable, lightweight and highly effective acoustical treatment for a variety of spaces and applications. The ProMAX v2 can be implemented in any location where boundary-mounted acoustical treatments are not feasible or desired. It features a 24" x 48" Studiofoam® panel with an angled reflective rear surface for tonal variability when rotated or flipped. By altering the quantity, orientation and spacing of multiple ProMAX v2's panels, you will be able to dial in the desired amount of room ambience. The ProMAX v2 is a flexible, expandable and affordable solution that is ideal for a wide range of users and settings.
