

MSA8304

u-mount Multi-Function Mount

u-mount® UNIVERSAL SYSTEM

FEATURES AND BENEFITS

Make your mic stand into a Swiss Army Knife of live sound! The MSA8304 uses the exclusive On-Stage u-mount clamp design to attach to any mic stand or other object between .85" and 1.18" (22-30mm) in diameter. Once attached, its four standard 5/8"-27 threaded studs accept just about anything. Add mic clips, booms, goosenecks, camera mounts, accessory trays... anything with 5/8"-27 threading. It's especially handy when combined with the On-Stage Posi-Lok series of boom devices, allowing for multiple articulating arms off of just one mic stand.

Four 5/8"-27 threaded studs allows you to mount additional mics, cameras, recorders and a variety of other accessories.

u-mount Clamp accepts round tubing between .85" and 1.18" in diameter. Perfect for most standard mic stands.

Oversized thumb screw and steel locking knob allows for a secure grip when mounted.

Get More Gear on Your Mike Stand!

The MSA8304 offers an endless number of combinations of accessories to be mounted to your mic stand. Setup shown above adds (x2) Posi-Lok Boom Arms, a digital recorder and an additional instrument mic.
