

Litepanels SOLA 4+™

A Focusable LED Fresnel that's Lightweight and Ballast-Free

Now more than twice the intensity of the original Sola 4, the new Sola 4+ is the smallest DMX controllable LED Fresnel on the market. The daylight-balanced Sola 4+™ offers the controllability and light-shaping properties inherent in a Fresnel light at a small fraction of the power draw of conventional fixtures. These lightweight and low power LED Fresnel make it ideal for rigging and travel. The Sola 4+ also saves production time by allowing for quick set up with DC operation via professional camera batteries and fast breakdown with cool-to-the touch operation. Like the rest of Sola Series, Sola 4+ provides Litepanels' famous full spectrum light quality that can be used in various environments, whether its on-set, studio, in a remote location or anywhere light is needed.

Industry Leading Collection of LED Fresnel Offers Complete Solution

In addition to the Sola 4+, the daylight balanced Sola Series includes the Sola 12, Sola 9, and Sola 6+. The Inca Series, a complete line of tungsten balanced LED Fresnels, is also available.

ADVANTAGES

- High quality custom 4"/10.16 cm Fresnel lens
- Daylight color balance with no external ballast or restrike period
- AC/DC power with DC power via 4-pin XLR
- Ultra-smooth dimming from 100% to 0, with no color shift throughout the entire range
- A true Fresnel with wide focus range from 15° to 71° beam
- Energy savings and bulb life provide a <3 year ROI in typical studio applications
- Proprietary integrated DMX allows for both remote dimming and focusing
- Robust lightweight housing
- Standard yoke with TVMP (5/8" baby socket) for easy mounting and positioning
- Flicker-free at any frame rate or shutter angle
- Incredibly energy efficient, these fixture draw only 53 W but comparable to a 575W HMI

Specification

- **Color Temperature:** Daylight
- **Beam Angle:** 15° to 71°
- **Fresnel Lens:** 4 in / 10.16 cm
- **CRI/TLCI:** 95
- **Comparable output:** 575W HMI
- **Size:** 8 x 7 x 11 in / 21 x 18 x 28 cm
- **Weight:** 3.60 lbs / 1.63 kg
- **Max Power Draw:** 53 W
- **Power Supply:** 14 - 28 VDC / 100 - 240 VAC DC power via 4 pin XLR
- **DMX:** Included DMX512 protocol via RJ45
- **Includes:** 4-way barn doors, yoke with TVMP adapter, power supply, US and EU power cord

Optional Accessories

Light Shaping

- 5 piece CTO Gel/Filter Set with Carrying Bag (900-6225)
- SoftBox and Speed Ring (Available through Chimera)
 - Speed Ring (9650)
 - Low Heat Video Pro Light Bank-XS (8114LH)

Mobile Power

- QRC-LG Gold Mount with Stand Clamp (8375-0176)
- QRC-LG V-Mount with Stand Clamp (Coming Soon)
 - PowerTap 36 XLR 4pin (8075-0135)
 - PowerTap Extension (8075-0010)

Additional Accessories

- RJ45 to 5-pin XLR Conversion Cable (900-0006)
- Fixture cover (900-6215)

Official EBU Television Lighting Consistency Index Report (TLCI)

The Litepanels Difference

- Full spectrum quality controlled light with visually accurate color temperature
- Smooth dimming 100%-0 with no color shift or color abnormalities
- Flicker free at any shutter angle/frame rate
- Soft light with no "picket fence" shadows
- Cool to the touch operation with extended life through controlled thermal dynamics
- Controlled current management extends fixture life to 50,000+ hr. bulb life
- Efficient power management providing low power consumption and high reliability
- Developed and assembled in Los Angeles CA
