

# High-Definition Projectors

**InFocus**  
Collaboration That Works

InFocus 1080p projectors offer the best combination of features and quality for every application and budget – all at full HD resolution.

Native 1920 x 1080 resolution matches today's monitors, notebook computers and large format LCD panels. Connect them via wired or wireless connection and quickly display your content without scaling or image resizing.

## Wirelessly Connect With Any Display

Add the LiteShow 4 wireless adapter (INLITESHOW4) to any projector or other display with a VGA or HDMI input to quickly and easily share data, audio, and video over a secure wireless connection. LiteShow 4 is compatible with Windows 7, 8, & 10, as well as Mac, iOS, and Android mobile devices, and allows multiple computers to connect to the display at the same time.
