

Genesis® Series GSP-700-BK LARGE PEDALBOARD - 32" x 17.47"

The new GSP-700-BK Genesis Series Pedalboard from Ultimate Support brings all the great features from the GSP-500-BK to a larger form factor, and a heavy duty flight ready road case. We've included two Universal Power Supply Mounting Systems that use strong, dependable clamps to fit a wide variety of power supplies underneath the board. You'll have ample room for all the power and pedals you can fit. Our integrated cable management clips and specially angled design prevent cord clutter and keep your effects rig looking clean. The included removable mic mount for our MC-05 shaft designs allows you to handle singing duties without taking up valuable floor space. The GSP-700-BK is the all in one tour solution for the working guitarist.

Cable Management

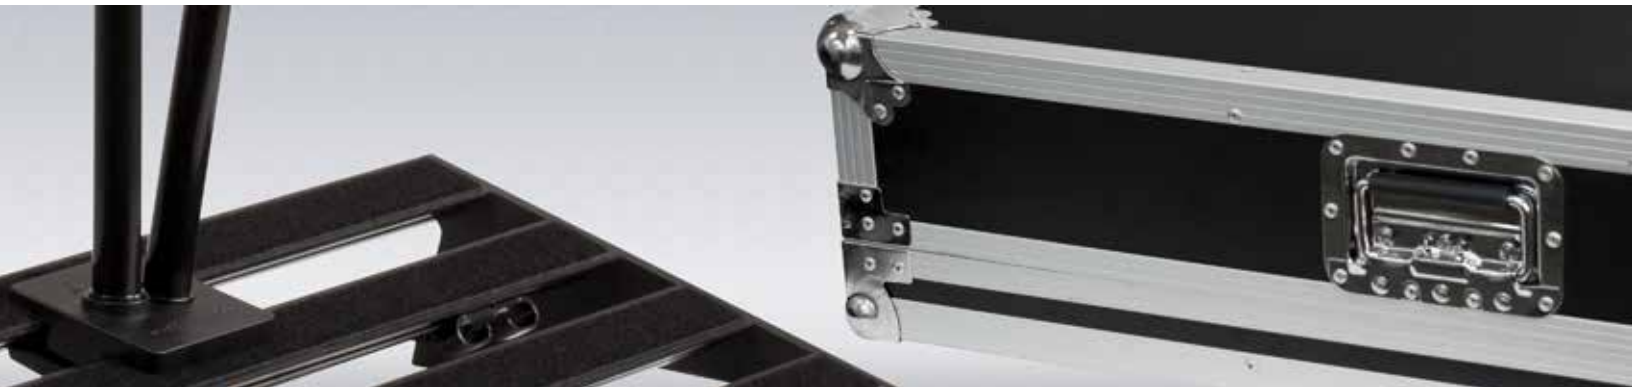

Integrated cable management clips.

Power Supply Clamps

Two Universal power supply mounting systems.

Construction

Slat style system for mounting pedals.

Mic Mount

Removable mic mount for the MC-05 mic shaft (0° or 10° tilt).

Flight Ready Road Case

The GSP-700-BK ships in an flight ready style road case, that attaches to the pedalboard, allowing you to simply remove the lid and plug in during setup. Recessed latches ensure the locking mechanism doesn't get roughed up in transit.
