

TeleLock® Series Speaker Pole SP-90

TeleLock® Series speaker poles from Ultimate Support are extraordinarily strong, yet lightweight thanks to their oversized, thick-walled aluminum tubing. They're everything you'd expect from an Ultimate Support speaker stand: Strong, sturdy, lightweight, 100% field serviceable, and easy to set up and take down. The Tele-Lock technology securely grips the telescoping tube in place as you set its height. The new SP-90 speaker poles feature an expanding cylinder system that will firmly fit multiple speaker sockets from 3/8" to 1/2" diameter.

Adjustable Speaker Adapter

The top of the speaker pole has an adapter that fits both a 1.5" & 1.375" speaker mount.

Universal Subwoofer Adapter

The bottom of the speaker pole has a universal fit adapter & threaded connector

TeleLock® Lift Assist

The Patented TeleLock collar provides secure assistance as you raise, lower and adjust the stand height.

Over-Size Tubing

Our speaker poles are made with over-sized tubing for greater strength and dependability.
