

CUE SHEET — Copy and use this sheet to record mixer settings

MixWizard DUAL FUNCTION 4 GROUP MIXER

The diagram shows a control panel for the WZ14:4:2+ mixer. It is organized into several sections:

- Channels 1-14:** Each channel has a gain knob, a 3-band EQ (HF, MF, LF), a 3-band graphic EQ, a pan knob, and a fader. Channels 1-10 are labeled 1-10, 11-12, and 13-14.
- Master Section:** Includes stereo faders for L and R, a monitor section with a monitor knob and L/R buttons, and a 2-track output section with a 2-track knob and L/R buttons.
- Control Elements:** Includes a power on button, a talkback trim knob, a 14Hz osc. noise knob, and a 14Hz osc. noise button.
- Group Controls:** Includes buttons for groups 1-2, 3-4, L-R, and 5-6.
- ALLEN & HEATH WZ14:4:2+:** The brand name and model number are prominently displayed.

Notes:
