

SD (7, 15, 23-Target)

CF (7, 15, 23-Target)

USB (7, 15, 20-Target)

Make Multiple Copies of Your CF /SD / USB Drives In Minutes

The CF, SD and USB duplicator easily and accurately copies flash media without the need of a computer. Advanced *Asynchronous* Duplication Mode allows each channel to operate independently so there is no need to wait for duplication to start or finish. Unique *Source Analysis* function analyzes the content on the master and intelligently copies only the data to speed up copy process. Fast reliable and convenient, CF/SD/USB duplicators are your best solution for quick flash media duplication.

Features

- Standalone turnkey solution; no computer required.
- No warm-up or cool-down required.
- Supports all file formats, file size, and card/drive capacity.
- High-speed copy up to 2 GB/min.**
- Support Synchronous and Asynchronous copy modes. With improved SOTA technology, CF/SD/USB duplicator can do Asynchronous copy without data size and system memory size limitation.
- Real time copy and compare technology (copy one section and compare, then copy another section and compare again) to reach higher efficiency of copy compare process.

Asynchronous Duplication

Each channel independently loads, unloads, and copies.

Specifications

Operating Type	Standalone (No PC Required)
Number of Targets	SD: 7, 15, 23, 31, 39 & 63 USB: 6, 7, 15, 20, 34, 48 & 118 CF: 7, 15, 23 & 31
Supported Media	Secure Digital (SD Model)/USB Drive (USB Model)/ Compact Flash (CF Model)
Supported Memory Cards	CF Model: Compact Flash Type1 & 2, Microdrives SD Model: SD, SD Pro, Micro SD*, Mini SD*, Mini SD Pro*, SD HC, WI-FI SD, Super HS SD (*Adapter Required)
Transfer Speed	Up to 2GB/min

Buffer Memory	128MB
Copy Mode	Synchronous or Asynchronous
LCD Display	2 x 16 Backlit
Power Requirements	115V or 230V
Operating Temperature	41°F ~ 122°F
Operating Humidity	15% ~ 90%
Regulations	FC CE

Actual transfer speed may vary depending on media. *Specifications are subject to change without notice.
