SAMSUNG BUSINESS

Larger impact everywhere but the budget

UDE series 46"/55" thin bezel commercial LED LCD displays

Make sure all the attention is on your videowall, and not on the space in between. The cost-friendly Samsung UDE Series offers videowall displays with thin bezels to fit every budget and need. The UDE-C Series features a bezel-to-bezel width of just 5.5mm, while the UDE-B Series offers a total bezel width of just 3.5mm. Videowalls are impressive, impactful and virtually seamless. Additionally, the UDE-B and UDE-C Series offer 4K UHD resolution for up to 25 displays when daisy chained, with no scalers or distribution boxes required. Maximum impact in boardrooms, retail spaces public places and more. The budget-conscious Samsung UDE Series commercial displays.

Key features

Ultra-slim bezels, virtually seamless videowalls

The minimized total bezel-to-bezel width of just 3.5mm or 5.5mm is crucial to the virtually seamless video wall experience that the UDE Series delivers. UDE Series displays are ideal for a range of environments and applications, including control rooms, the medical sector, conference rooms, broadcasting stations, transportation hubs, lobbies and retail.

Advanced Color Expert factory calibration

Advanced color management

UDE Series displays are meticulously factory tuned for Brightness, Color Temperature and Gamma. The advanced Samsung Color Expert algorithm ensures outstanding, optimal uniformity and impressive images right out of the box. Calibration time is reduced, and videowalls are nothing short of spectacular.

UDE-C displays allow you to fine-tune color even more precisely through Samsung's new Advanced Color Management solution. A user-friendly interface makes detailed color adjustments simple.

DisplayPort 1.2

The DisplayPort 1.2 digital loop out feature allows you to easily share content across videowalls, and fully supports Ultra High Definition resolution. It's an easy and cost-effective way to connect multiple displays.

Direct-lit LED

4K UHD

Direct-lit LED technology with a new backlight dimming solution allows the UDE Series displays to achieve deeper blacks, higher contrast ratio of 3500:1, and power savings of up to 30%.

Full UHD 4K resolution

UDE displays feature 4K resolution to give you Full UHD videowalls of up to 25 displays, when daisy-chained together. Image clarity and detail is spectacular.
