- S-Video and RCA outputs for connection to external equipment
- Provides full DVD menu control and supports all standard DVD features
- PAL and NTSC compatibility
- Ability to view full file structure on LCD screen

### PRODUCT DESCRIPTION

Designed for DJs wanting to incorporate visuals into their entertainment mix, Numark's VJ01 is a compact, tabletop media player that supports a wealth of video and audio formats. Featuring a 5.6-inch LCD TFT tilt screen display, pitch control capability plus a slider control for both DVDs and CDs, soft touch rubber transport controls, support for all standard DVD features, non-seamless looping for repeating video clips, PAL and NTSC compatibility, and an arsenal of effects such as cue, loop, zoom, angle, and slow motion, Numark's VJ01 is a comprehensive media player with a go anywhere attitude.

### POSITIONING

With a compact form factor that enables placement just about anywhere, and support for a broad range of media formats, Numark's VJ01 is the perfect tool for incorporating audio and video into a DJ's performance. With pitch control for DVDs and CDs, as well as a rich assortment of effects, the VJ01 enables the DJ to deliver a complete multimedia experience.
