

MAKE YOUR BUSINESS LOOK BETTER. INTRODUCING THE ALL-NEW RIMAGE 360i

Rimage brings you a brand-new solution designed with your business in mind. Create, burn, and print professional CDs and DVDs in just minutes. The new Rimage 360i combines the world's leading print technology with the best recording to give you and your discs the sharpest image possible.

IT'S A SIMPLE SOLUTION WITH SUPERIOR RESULTS

The Rimage 360i offers the cutting-edge Plextor CD/DVD combination drive and the most advanced thermal inkjet printer available to deliver high speed and quality performance disc after disc. The Rimage 360i delivers vivid color, sharp text and realistic photo images — with maximum clarity and great economy.

POWERED BY PROPRIETARY SOFTWARE

The Rimage 360i comes with our powerful, intuitive QuickDisc software—the simplest, fully integrated wizard-based software you'll find anywhere. It works smart to make your job easier.

VALUABLE VERSATILITY

The most affordable system is also the most versatile. Deliver catalogue copy, multimedia presentations and custom-messaged information on CD or DVD—an economical solution for photographers, music artists, computer graphics companies, colleges and universities, video production, marketing, software distribution, and more.

HIGH QUALITY AND LOW COST

Speed, error-free recording and superior color come together to make the Rimage 360i the lowest cost, highest quality desktop CD/DVD publisher to operate. It's simply what you'd expect from the world's leader in direct-to-disc CD/DVD duplicating and printing solutions.

RIMAGE 360i

- > Lowest cost, highest quality system to operate
- > Superior direct-to-disc label printing

REVIEW AND RECORD

AS SIMPLE AS 1-2-3

Easy to install and easy to use, nothing could be simpler than the Rimage 360 i. Our powerful new software helps you every step of the way. Clear instructions, drag-and-drop technology and easy-to-follow prompts ensure a trouble-free process — plus you can review changes and monitor your job's progress. You'll create, burn and print professional-quality discs right from your desktop with the click of a mouse.

THE INDUSTRY'S BEST TECHNOLOGY

- > **Leading-edge recording technology**— The Rimage 360 i's combination CD/DVD drive is designed for speed, performance and versatility. The best technology gives you the best results — and the superior quality of every disc you print makes the Rimage 360 i the most affordable CD/DVD publishing solution you can own.
- > **World-class printing**— The Rimage 360 i with Hewlett Packard-enabled thermal printing technology matches 4800 dpi printing and a full spectrum of 16.7 million colors with unsurpassed ink control for the best quality label printing — directly on your disc. Flawless disc printing gives you a sharper image as you lower your costs.
- > **A dynamic desktop tool**— Collect and organize your data. Create up-to-date multimedia training materials. Send creative marketing communications pieces to your customers. Develop and deliver new software. The Rimage 360 i puts you in control. Easy to use, affordable and versatile, the Rimage 360 i offers a simple, cost-effective solution for all your CD/DVD duplicating and printing needs — dynamic desktop performance from a world-class company.
