

IRIS™ InSite

# LIFE

BEFORE YOUR EYES.

IRIS™ InSite by BLIZZARD was developed through an exclusive partnership with one of the world's largest manufacturers of LED video products. Born in a state-of-the-art 30-acre facility in Southern China, its sister products are used in more than 125 countries around the world. Created with tested, proven technology and manufacturing techniques, IRIS™ InSite delivers remarkable performance and ease of use at new levels of affordability.

With easy flush wall-mounting, 100% front-service design and Blizzard's enhanced 2-year limited warranty, it's the perfect choice for your permanent install.

## 2.5mm + 3.8mm Indoor LED Panels

IRIS™ InSite 2-Five (2.5mm) and 3-Eight (3.8mm) series LED video panels deliver true 16:9 aspect ratio HD video quality. They are ETL listed and manufactured with precisely matched SMD2121 blackbody LEDs for exceptional color reproduction and gamut. They offer safe and quick front service with 2 universal magnetic die-cast aluminum modules per panel. IRIS™ InSite panels are simple to install via floor stacking, rigging, or permanent flush wall-mounting.
