Up to **8 tactus.stage**, **3 tactus.foh**, **3 PCs** and optional **tactus.control** surfaces, you can handle any audio mix. With up to 256 input channels and dozens of outputs it's unlikely you'll come across something tactus can't handle.

eMOTION/LV1

tactus is a professional mixing platform built on rock-solid hardware and the state-of-the-art software mix engine WAVES eMOTION LV1 that delivers studio grade sound quality and effects.
