

SHM 22 PF / PM Set

MINIATURE
GOOSENECK
MICROPHONE

FEATURES =

- Cardioid polar pattern
- High gain-before-feedback
- Flat, wide range frequency response
- High-quality reproduction of speech and music
- Flexible gooseneck
- Unobtrusive design
- For fixed mounting

APPLICATIONS=

The gooseneck microphones SHM 22 PF/PM Sets are designed for conference table mounting. The SHM 22 PF Set features a 2.4" flexible gooseneck terminating in a 3-pin Switchcraft TQG female connector allowing for flush mounting to a table surface. The SHM 22 PM Set also features a 2.4" gooseneck but terminates in a 3-pin Switchcraft TQG male connector. While the SHM 22 PM Set also allows for flush mounting to the table surface, it requires a 3-pin TQG female receptacle which creates a larger surface footprint than the PF version. This is a function of standard connector design. Both microphones have in-line preamplifiers with male standard XLR outputs. The SHM 22 PF/PM Sets are ideal for corporate conference table, distance learning, and tele/video conferencing. The low profile of the product is preferable to longer goosenecks for aesthetic reasons, while solving the problems created by boundary microphones in situations where a boundary microphone may be accidentally covered.

TECHNICAL SPECIFICATIONS=

Transducer type Condenser (Back electret)

Polar pattern Cardioid Frequency response 65 - 20,000 Hz

Open circuit voltage

at 1 kHz (0 dB = 1 V/Pa).....approx. 15 mV/Pa = -36.5 dBV

Supply voltage 8 - 52 V phantom Consumption approx. 3.4 mA

Output 3-pin XLR terminal, transformer balanced

FREQUENCY RESPONSE & POLAR PATTERN=

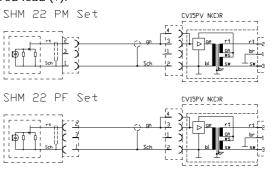

This frequency response curve (measuring tolerance ± 2.5 dB) and polar pattern correspond to typical production run specifications for this microphone.

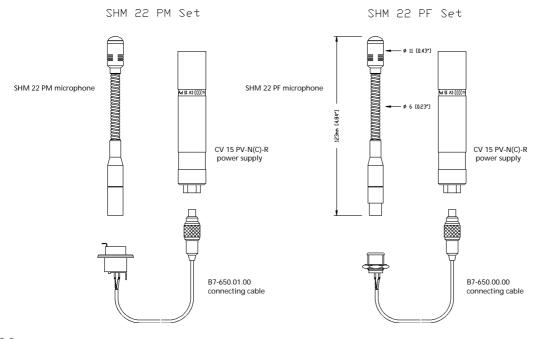

WIRING DIAGRAM =

Positive pressure produces positive voltage on red lead (+).

MEASUREMENTS =

In millimetres (inches in brackets).

VERSIONS =

SHM 22 PF Set

consisting of SHM 22 PF microphone with 3-pin Switchcraft TQG female

connector, CV 15 PV-N(C)-R power supply and B7.650.00.00 connecting cable.. Order # 449.512 SHM 22 PM Set consisting of SHM 22 PM microphone with 3-pin Switchcraft TQG male

connector, CV 15 PV-N(C)-R power supply and B7.650.01.00 connecting cable.. Order # 449.504
