

ULTIMATE

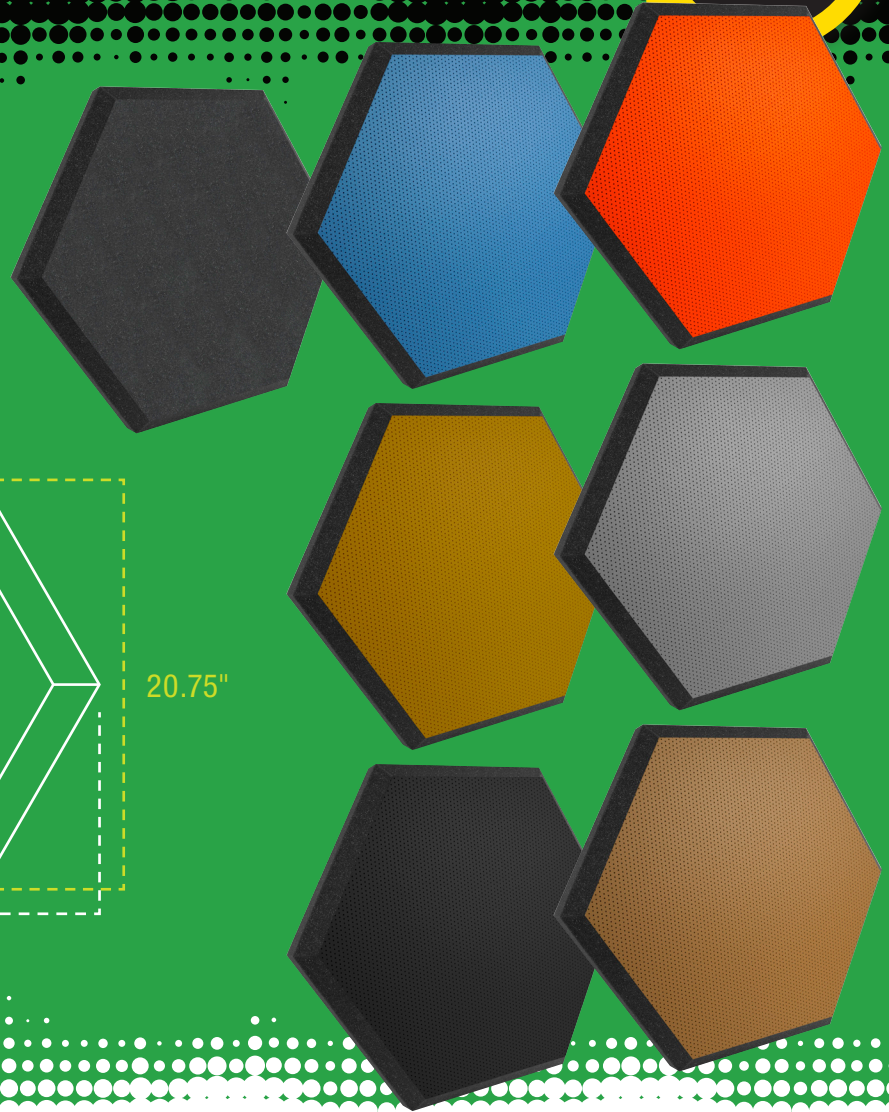

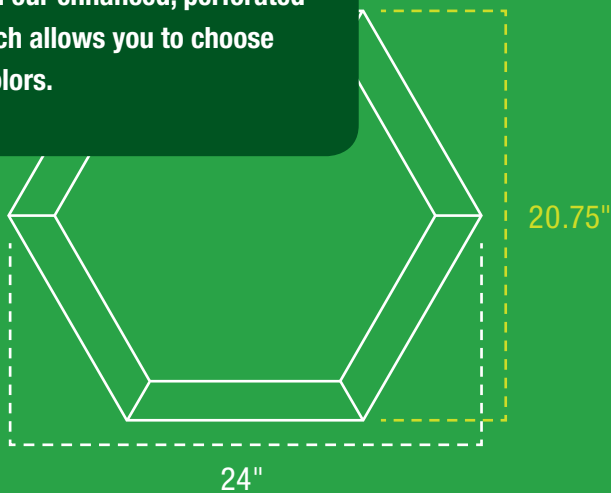

ACOUSTICS

Hex Series

24" Hexagonal Foam Wall Panel

**TWO
PACK**

Designed for users looking to treat unique problems in the listening room, as well as to lend a personal touch to any creative space- the new Hex Series absorption panels from Ultimate Acoustics offer a stylish and affordable option for your problem solving. Available in 2 packs of 12" or 24", the panels come in a standard charcoal colored foam only design, or with our enhanced, perforated vinyl covering, which allows you to choose from a variety of colors.
