

## Guitar Stompboxes

# TUBE AMP MODELER TM300

Ultimate Tube Amp Modeling Effects Pedal

- Authentic modeling technology for 3 classic guitar amps, 3 gain modes and 3 mic placements for a total of 27 configurations that let you easily achieve the most sought-after tube amp sounds from clean, crunch to super-fat distortion
- This Behringer product has been designed to compete head to head with leading products on the market
- Provides a truckload of great amps in a single stomp box—simply choose your favorite sounds with a flick of a switch
- Dedicated Drive, High and Low EQ, Level, Mic, Model and Amp controls for awesome sound shaping
- Status LED for effect on/off and battery check
- Runs on 9 V battery or the Behringer PSU-SB DC power supply (not included)
- First-class electronic On/Off switch for highest signal integrity in bypass mode
- 3-Year Warranty Program\*
- Conceived and designed by Behringer Germany

Setting up amps, dialing in tones and positioning mics takes a lot of time and patience. Step on the amazing TUBE AMP MODELER TM300 and skip straight to the good part! The TM300 features authentic modeling technology for 3 classic guitar amps, 3 gain modes and 3 mic placements for a total of 27 configurations that let you easily achieve the most sought-after tube amp sounds – from clean to crunch to super-fat distortion.

## Whazzup?

With 3 classic tube amps (Tweed/British/California), 3 gain modes (Clean/Hi Gain/Hot) and 3 mic placements (Classic/Center/Off Axis) to choose from, the TM300 puts 27 combinations of some of the most sought-after tube amp tones right at your feet!

## You Can Have it All

In this one simple pedal, you can call up the sound of a coveted tweed relic, a clean Californian classic or a roaring British powerhouse. You then apply your choice of the three different gain modes – and even control the virtual mic placement. TM300's dedicated Level, Low, High and Drive dials let you take any of these historic tones and shape them into something uniquely all your own.

## First-Class Switch

The bright status LED tells you when the TM300 is activated, and the top-quality on/off switch maintains incredible signal integrity in bypass mode. You can power this little “jack-of-all-trades” with either a 9 V battery or our PSU-SB DC power supply (not included).

## Value

The incredible TM300 puts you in total control of all the classic tones that made rock ‘n’ roll history, and gives you the freedom to fine-tune them into your very own signature sound. Get a TUBE AMP MODELER TM300 – and make some musical history of your own! Ask for it at your [Behringer](#) dealer, or get yours online today!
