

## BM-5002N – Optoma Hinged Ceiling Mount

### Hinged Mount Provides Simple Access to Lamp

Convenient hinged swing-down plate design allows lamp access while projector stays securely installed to the ceiling. Easily unlock and lock the hinged plate using a single thumb screw.

The time-saving, pre-assembled design minimizes installation steps. A quick-release feature allows the projector to slide in and out of the track, simplifying access for servicing the projector. The cable management feature keeps unsightly cable tangles out of sight. These valuable features are packaged in a sleek black design to look great anywhere – in your home, office or classroom. Security hardware is also included to prevent theft.

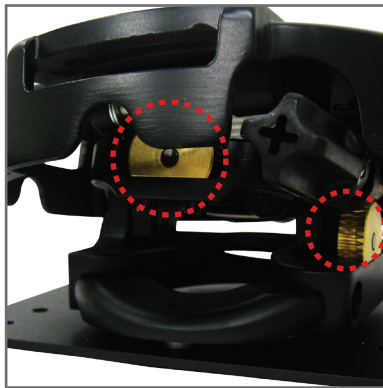

### Features

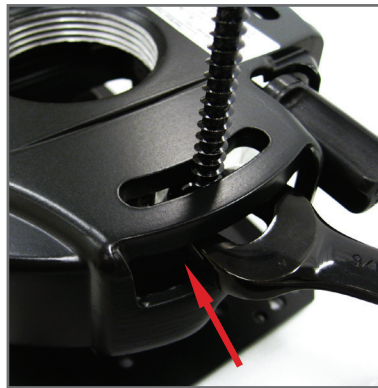

- Hinged plate enables quick access to lamp compartment
- Fine tune projected image using tilt and roll knobs
- Pre-assembled design reduces installation time
- Cable management keeps cables discreetly out of sight
- Quick-release detaches projector from mount for service
- Anti-theft security hardware included
