Type	black
Weight	1.67 kg

The combination of stand and iPad Air holder is great to use on stage, at home or in the studio. The iPad (Air, 5th or 6th generation) is easy to clip in and out of the holder. Tilt is adjusted with an ergonomic clamping screw. The iPad can of course be turned to either the vertical or horizontal position and slip is prevented. The simple stand, which telescopes in 2 sections, can be adjusted to any height between 70 and 155 cm. It folds to a small compact size, which is easy to transport.
