

KD-80 V-Kick

The new KD-80 V-kick is a sturdy, responsive 8-inch kick trigger pad built in the tradition of the popular KD-120 model. As such, this compact kick pad features extremely road-worthy construction, ultra-sensitive triggering capabilities, and a sleek look that complements the entire V-drum system.

- Sturdy 8-inch kick drum pad/trigger with super-accurate triggering and natural rebound for acoustic drum feel
- Mesh drum head absorbs unwanted noise for practice/recording applications
- Can be used with any standard (vertical beater) kick drum pedal, including double-bass pedals
- Four-leg stand prevents slipping even during aggressive playing
- Can be used to trigger the TD-10/8/7/5, SPD-20
