CHRISTIE SECURE SERIES LCD PANELS

4K UHD LCD panels for secure operations

The Christie® Secure Series is a line of specialized LCD panels for high-security environments. Available in a range of sizes, these displays are perfect for meeting rooms, lobbies, digital signage and more.

The Secure Series comprises a range of TAA-compliant, non-RF LCD panels designed specifically for secure-facility applications typically found in government, corporate and military environments. The Secure Series includes professional features such as OPS slot, UHD resolution, touch interactivity options, and USB playback in a secure, reliable and affordable package.

- > Available sizes: 55", 65", 75", 86" and 98"
- > Non-RF for increased security
- > TAA compliant
- Crestron Connected for seamless integration onto a Crestron network
- > Touch interactivity with select models
- 4K UHD resolution and direct-lit LED for impeccable image quality
- > Feature-rich at an affordable price point
- > OPS slot for increased flexibility and integration ease
- > Brightness of 400 nits or more
- > Landscape and portrait orientations (some models)
- Backed by Christie support, service and three years parts and labor limited warranties
