# Print & Burn

## Make Discs on your Desktop with the GX-1 Print & Burn Station

Easily design labels, print, and burn discs of superior quality! With its 50 disc input capacity, high-speed CD/DVD combo drive, integrated inkjet printer, and small desktop footprint, the GX-1 is perfect for businesses and organizations requiring short runs of discs, anyone can benefit from its innovative design and low price point.  Set up multiple jobs with any quantity, walk away, and leave the GX-1 to do the rest. Burn virtually any DVD or CD format, including dual layer! Controlled from your PC over a single USB 2.0 cable, the GX-1 is your all-in-one production package.

### Four Easy Steps to Creating Professional, Finished Discs

1. Design your label
· Use included templates for easy design, or import from Photoshop®.

2. Choose your recording files
· Make audio discs, burn multimedia content, distribute software, or archive data

3. Set the quantity desired
· Also access advanced featuers through the intuitive software interface

4. Walk away!
· Let the 50 disc input, reliable robotics, integrated inkjet printer, and high-speed recorder do the rest!
