The game changer for public address.

No cables, no kludges, no compromises – LSP 500 PRO will liberate you and will save your time. With up to 3 wireless microphone links, Bluetooth connectivity and built-in USB player/recorder.

Wireless & hassle-free

LSP 500 PRO seamlessly integrates with wireless components, e.g. the Sennheiser ew 300-500 G4 microphones and receivers. Providing state-of-the-art features, like automatic frequency management and wireless synchronization.

Appolutely everything under control

The upgrade in PA control: Manage single speakers, groups, or the complete system, fine tune the mix, or check battery status – all via iPad.

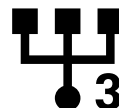

Expanded Options

Whether rental, corporate-use or conference hotel, LSP 500 PRO is a flexible all-in-one solution. The system is scalable from small meetings to really big events with up to 20 loudspeakers and fits for all your application needs.

Save Time

The system operates completely wireless. Simply arrange LSP 500 PRO on venue, switch it on and control all settings via iPad. Minimize, even eliminate investments in auxiliary equipment like amplifiers, mixing consoles, cables & cords. LSP 500 PRO grows with your needs while lowers equipment and operational costs.

Audio Connectivity

Up to 3 wireless microphone links. Bluetooth music streaming. Built in USB player/recorder. Genuine Sennheiser components, hassle-free operation.
