

KS8290

Lok-Tight Pro Single-X ERGO-LOK™ System

KEYBOARD STANDS

FEATURES AND BENEFITS

Our top-of-the-line Single-X is designed with strength and comfort in mind. This pro-level model features the heaviest tubing we have in our arsenal and is built with an ergonomic trigger, internal rod mechanism, as well as a solid-steel spring-loaded deadbolt.

Adjustable rubber arm sleeves can be positioned to fit virtually any keyboard width.

Patented ERGO-LOK™ system features an ergonomic trigger, an internal rod mechanism and a solid-steel spring-loaded deadbolt assembly.

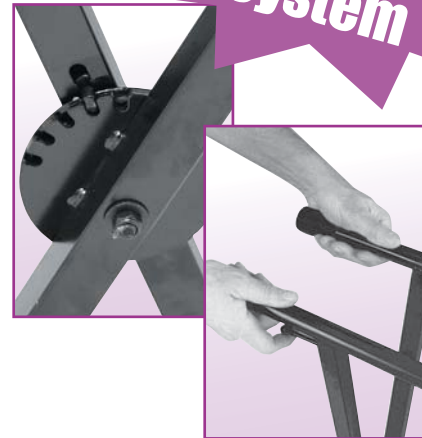

30mm Square tubing.

LT Lok-Tight Construction

All stands in the KS8000 Series feature Lok-Tight construction which means that they have the strength of welded construction but also feature the patent-pending bolt system. Requires a one-time assembly and the cost savings are yours!

**ERGO-LOK
System**

Simply squeeze the ergonomic trigger to disengage the clutch, position the stand at any of its five convenient height adjustments, and release the trigger to reengage the clutch.
