

KS8391

Lok-Tight quikSQUEEZE™ System Double-X

KEYBOARD STANDS

FEATURES AND BENEFITS

The quikSQUEEZE™ exemplifies innovative solution. Adjusting the keyboard height is as easy as a squeeze. Capable of securely supporting up to 200 lbs. and easily adjustable thanks to the no-fuss, patented quikSQUEEZE™ adjustment system. This stand makes setup and performance a breeze.

Adjustable rubber arm sleeves can be positioned to fit virtually any keyboard width.

18mm tubing

Patented quikSQUEEZE™ system features a 5-position adjustment disk and steel reinforced clutch and center hinge.

Non-slip rubber sleeves for added stability.

LT Lok-Tight Construction

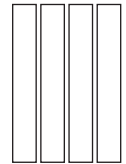

All stands in the KS8000 Series feature Lok-Tight construction which means that they have the strength of welded construction but also feature the patent-pending bolt system. Requires a one-time assembly and the cost savings are yours!
