

**Configuration:**

LS-42-072 Listen Essentials Level 2 Stationary RF System (72 MHz)

**Product Overview:**

The Listen Essentials Level II Stationary RF System expands on the capabilities of our most basic system by expanding the range to cover up to 457.2 m (1,500 ft.) affordably.

The included transmitter features universal inputs compatible with most audio sources, and the choice of three (3) broadcast frequencies makes it easier to set up and fine tune. Digital tuning ensures that the included receivers won't drift off channel, guaranteeing a strong connection for a more enjoyable listening experience.

The LS-42 is available for the 72 MHz band only.

**Highlights:**

- Low priced solution for meeting your installed assistive listening needs
- Three (3) frequencies makes it simple to install, manage and use
- 100 % Digital - Listen receivers are digitally-tuned so the transmission won't drift
- Long transmission range ensures coverage for the entire venue

**Includes:**

- One (1) LT-803-072-01 3-Channel RF Transmitter (72 MHz)
- One (1) LA-122 Universal Antenna Kit (72 MHz and 216 MHz)
- One (1) LA-326 Universal Rack Mounting Kit
- Four (4) LR-200-072 Standard 3-Channel RF Receiver (72 MHz)
