

Configuration:

LS-43-072 Listen Essentials Level 3 Stationary RF System (72 MHz)

Product Overview:

The Listen Essentials Level III Stationary RF System has everything you need for an easy system to specify, install, operate, and meet legislative requirements for assistive listening. Includes NiMH batteries and a charging/carrying case ideal for managing the storage and dispensing of receivers to listeners. Great for larger venues to deliver an optimum range of up to 305 m (1,000 ft.) is needed. Universal inputs on the transmitter ensures venues can use the LS-43 with their preferred audio source; mixer, microphone, iPod or CD. Installation is quick and easy, and with features like three (3) frequencies and one step digital tuning, the receivers won't drift off channel. Available in 72 MHz only.

Highlights:

- Cost effective solution for meeting your installed assistive listening needs
- Three (3) frequencies makes it simple to install, manage and use
- NiMH batteries and a charging/carrying case make it ideal for managing the storage and dispensing of receivers
- 100 % Digital - Listen receivers are digitally-tuned so the transmission won't drift
- Long transmission range ensures coverage for the entire venue

Includes:

- One (1) LT-803-072-01 3-Channel RF Transmitter (72 MHz)
- One (1) LA-122 Universal Antenna Kit (72 MHz and 216 MHz)
- One (1) LA-326 Universal Rack Mounting Kit
- Four (4) LR-200-072 Standard 3-Channel RF Receiver (72 MHz)
- Four (4) LA-164 Ear Speaker
- Two (2) LA-166 Neck Loop
- One (1) LPT-A107-B Dual RCA to Dual RCA Cable 6.6 ft. (2 m)
- Four (4) LA-362 Rechargeable AA NiMH Batteries (2)
- One (1) LA-317-01 4-Unit Portable RF Product Charging/Carrying Case
- One (1) LA-304 Assistive Listening Notification Signage Kit
