

**Configuration:**

LS-57-072 Listen iDSP Advanced Level II  
 Stationary RF System (72 MHz)

**Product Overview:**

Perfect for venues with a capacity of up to 100 people, the LS-57 Advanced Level II Stationary RF System broadcasts a strong, reliable RF signal from our LT-800-072 72 MHz transmitter, and four (4) LR-5200-072 Advanced iDSP receivers ensure the best possible listening experience for customers, clients, visitors, and more.

Our LR-5200-072 receiver offers listeners exceptional audio performance and clarity thanks to having 20 dB less hiss than other RF receivers on the market. Each unit gives listeners the choice of multiple channels, ideal for venues where language interpretation or alternate/separate audio streams are needed. The rechargeable Lithium-ion battery in each receiver offers long life and significant cost savings over the life of each unit, and they fully recharge within 2.5 hours.

The included universal antenna and universal rack mounting kit make the LS-57 an adaptable, flexible solution by allowing you to incorporate it into nearly any permanent audio setup. The system also includes universal ear speakers, neck loops/lanyards, a 4-port USB charger, and the assistive listening notification signage kit needed to meet the needs of your customers and ensure your venue's compliance at the same time.

**Highlights:**

- Advanced DSP SQTM noise reduction technology delivers 20 dB less noise and hiss than any other listening device
- Integrated neck loop / lanyard with DSP loop driver improves the listening experience for T-coil users
- Smallest device of its kind makes it easier to wear and for venues to dispense, store and maintain
- Advanced green battery technology dramatically reduces costs of ownership and hassles while reducing the number of batteries in the landfill
- Ensures public venues deliver an exceptional listening experience while meeting new legislative requirements for assistive listening

**Includes:**

- One (1) LT-800-072-01 Stationary RF Transmitter (72 MHz)
- One (1) LA-122 Universal Antenna Kit (72 MHz and 216 MHz)
- One (1) LA-326 Universal Rack Mounting Kit
- Four (4) LR-5200-072 Advanced Intelligent DSP RF Receiver (72 MHz)
- Four (4) LA-401 Universal Ear Speaker
- Two (2) LA-430 Intelligent Earphone/Neck Loop Lanyard
- One (1) LA-423 4-Port USB Charger
- One (1) LPT-A107-B Dual RCA to Dual RCA Cable 6.6 ft. (2 m)
- One (1) LA-304 Assistive Listening Notification Signage Kit
