

# SMS7630

## Hex-Base Studio Stand w/ Telescoping Boom

MICROPHONE STANDS

### FEATURES AND BENEFITS

This heavy-duty studio stand is the first of its kind to combine an internal air suspension system with a boom and offer either rubber feet or casters. The 17 lb. base brings superior stability to this stand while the unique shape means more room for feet placement. This model is available with a black shaft (SMS7630B) or chrome shaft (SMS7630C).

Telescoping boom adjusts from 32"-49", while the boom angle adjusts 320°.

Die-cast zinc clutch adjusts height from 42"-70".

17 lb. Hex-Base brings superior stability to this stand. Removable casters (shown at top right) add mobility.

**FIRST  
Of Its Kind!**

*This stand is designed for easy access! Attach the SMS30 Mic Stand Casters and add the flexibility of moving the stand into the desired position within the project studio or stage to mik your vocals anywhere. Set of 3 locking casters, hardware included.*
