

**Configuration:**

LS-07-072 15-Person Portable RF System (72MHz)

LS-07-216 15-Person Portable RF System (216MHz)

LS-07-863 15-Person Portable FM System (863 MHz)

**Product Overview:**

Perfect for large-scale venues or operations needing additional capacity, the LS-07 15-Person Tour Group System meets the immediate needs of museums, houses of worship, and more, and can be expanded for future growth. Like the smaller LS-06 system, the LS-07 includes a portable transmitter and microphone, digital display receivers, ear speakers, batteries, and a convenient carrying case for portability and safe storage. The LS-07 is rated and recommended for both indoor and outdoor use, allowing your venue to provide assistive listening, language interpretation services, guided tours, and more to up to 15 individuals. Start offering high-performance audio to customers, visitors, and clients today with the LS-07 15-Person Tour Group System from Listen Technologies.

These products are approved by the FCC for use in the US. Please note that they cannot be used in all countries. Check with your local government or specific regulation with regard to broadcast frequency in your specific country. Note: FCC rules limit the use of this product to assistive listening.
