Product Overview:

Designed for organizations and venues where multiple tours or simultaneous language interpretation is needed, the LS-08 15-Person Advances Tour Group RF System is the perfect choice. In addition to the portable transmitter, microphone, and charging/carrying case, the LS-08 includes 15 programmable display receivers that can be set to exclude or include specific broadcast channels depending on your venue's needs. The ability to program channels makes the LS-08 a perfect solution for any space where multiple audio streams need to be transmitted at the same time. Additional receivers can be added as well, allowing you to expand the system to meet growing demand. With a 100% digital signal for outstanding clarity and consistency, SmartCharge (TM) battery technology, and more, the LS-08 is an industry-leading system to bring assistive listening to your clients and customers immediately.

These products are approved by the FCC for use in the US. Please note that they cannot be used in all countries. Check with your local government or specific regulation with regard to broadcast frequency in your specific country. Note: FCC rules limit the use of this product to assistive listening.

Highlights:

- Complete, portable digital listening system with programmable receivers for up to fifteen (15) listeners
- Ideal for multi-channel applications including simultaneous language interpretation, guided tours, museum exhibits, and more
- Transmitter, microphone, receivers, batteries, ear speakers and carrying case all included
- 100% digital audio for solid, reliable signal transmission
- Expandable to meet growing needs
- Designed for use indoor or outdoors

Includes:

One (1) LT-700-072 Portable Display RF Transmitter (72 MHz)

One (1) LA-278 Behind-the-Head Microphone

Fifteen (15) LR-500-072 Portable Programmable Display RF Receiver (72 MHz)

Fifteen (15) LA-164 Ear Speaker

One (1) LA-311 16-Unit Portable RF Product Charging/Carrying Case

Sixteen (16) LA-362 Rechargeable AA NiMH Batteries (2)

Product Specification: 15-Person Advanced Portable RF System (72 MHz)
