

POCKET COSMOS™

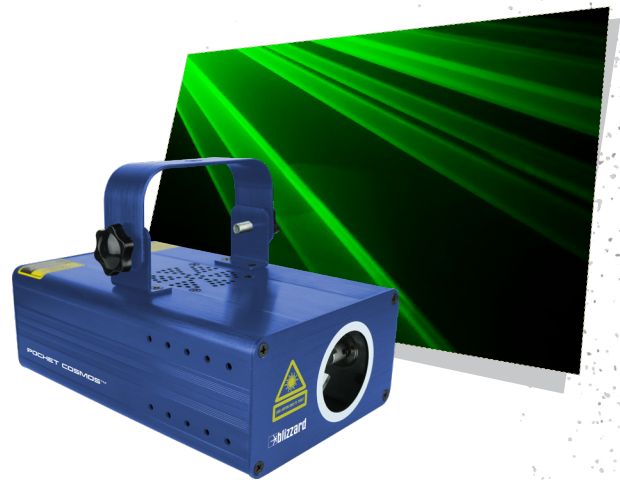

50mW Fat Beam Green Laser

Pocket Cosmos™ is an easy-to-use fat beam green laser scanner that is DMX controllable and equipped with incredible auto & sound active programs.

It can create laser patterns such as waves, tunnels, circles, dots + more for tons of colorful laser-filled fun.

Users can control X/Y position, and have direct access to over 100 built-in static and dynamic patterns that are available via 7-channel DMX mode.

And of course, Pocket Cosmos™ is backed by Blizzard's 2-year limited warranty!
