

# POCKET ROCKET™ II

## 250mW Fat Beam RGB Laser

Pocket Rocket™ II is a super easy-to-use 250mW Fat Beam RGB laser that's packed with more than 50 laser patterns such as waves, tunnels, circles, dots + more.

With no DMX to program, the Pocket Rocket™ II can run in auto or sound active mode. Just plug it in, add fog, and walk away for a fantastic RGB laser light show.

And of course, the Pocket Rocket™ II is backed by Blizzard's 2-year limited warranty!
