

SHOQWAVE X6

6-Head Moving Beam Fixture

Spins You Right Round

Shoqwave™ X6 offers 6 mini moving heads that are fitted on a base that's capable of infinite, or 360° rotation. Each individually controllable head has an ultra-bright 10W R/G/B/W LED (no color mixing) for ultra-narrow 5.7° split color beams. Each head also has amazingly fast 120° tilt.

An Excellent Stage Centerpiece

Add fog, and the Shoqwave™ X6's razor-sharp beams can cover large areas and really reach out to the crowd. These fixtures make excellent centerpieces on stage, and they can be controlled with ease using just 7/38-channels of DMX, or simply run them in either auto or sound active modes.

And of course, the Shoqwave™ X6 is backed by Blizzard's 2-year limited warranty!

Luminous Intensity:

Beam	2.5m Lux	2.5m fc	5m Lux	5m fc
Red	2,044	189.9	574	53.4
Green	2,470	229.5	602	56.0
Blue	680	63.2	164	15.2
White	4,972	461.9	1,099	102.1

Main Features

- 360°+ infinite rotating base
- 6x 10-watt ultra-bright RGBW LEDs
- 6x moving heads with 120° tilt
- Narrow 5.7° beam angle (x6)
- 25 built-in programs with speed control
- Sound active with mic sensitivity
- Smooth dimming and strobe effects
- 4-button control panel w/LED display
- Steel bolt-on hanging bracket
