

Travel Friendly, High Capacity, & High Load

DUO-C150

The DUO-C150 is a high capacity, high load battery which is travel friendly at 143Wh and capable of up to 14A. Like the other DUO-C Series batteries, it has one USB and two D-Tap outputs, one being a D-Tap Advanced. SMBus is a standard feature that provides data in the viewfinder when used with cameras such as by RED. It also has a 5 LED power indicator and V-Torch LED for use in dark environments. The new casing has been designed for a more secure, slip-resistant grip.

Product Features

- Meets passenger aircraft carry-on regulation
- D-Tap Advanced port to power accessories and also charge the battery using the VL-DT1 D-Tap charger
- USB port to power any 5V USB devices
- 5 LED power status indicator (10% increments)
- V-Torch LED for dark environments

Specifications

Capacity: 143Wh 14.4V, 9.9Ah

Max Draw: 14A/ 154W ‡

Power Outputs: (1) D-Tap Advanced (80W), (1) D-Tap (80W), (1) USB (DC5.0V / 2.3A)

End Voltage: 11V

Protection: Over-charge, Over-discharge, Over-current, Thermal Protection

Ambient Temperature: 32~104°F (Charge), -4~113°F (Discharge), -4~122°F (Storage)

Dimensions: 3.82(w) x 5.75(H) x 2.32(D) inches

Weight: 2.0 lbs

‡ may vary depending on the operating temperature
