COOLER BY DESIGN

IP65 Rated, RGBW+UV 25W LEDs, Battery Powered + Anyfi™ Wireless DMX

The perfect outdoor rated, battery powered lighting solution with built-In 2.4GHz AnyFi™ Wireless DMX!

Blok 2™ IP fixtures are packed with lots of goodies including 2* high output 25W RGBW+UV 5-in-1 COB LEDs with a 30° beam angle, built-in rechargeable Li-ion battery, built-in wireless AnyFi™ receiver (W-DMX™ and Skywire™ compatible), an easy-to-use 4-button LED control panel with touch sensitive electronic buttons, 3-pin DMX in/out connectors, and powerCON™ compatible power In/Out connectors.

They are highly efficient with natural convection cooling thanks to their attractive cast aluminum housing with heat sink design. There are no internal cooling fans in these fixtures, which mean absolutely zero noise. Blok 2™ IP fixtures are a great choice for any "sound sensitive" environment!

You can use it freestanding just about anywhere wirelessly and without power cords as an uplight, or mount it via its secure dual mounting brackets.

And a wireless IR remote control (sold separately) is also available for this fixture!
