

RPK 007 Mounting Kit

INSTALLATION INSTRUCTIONS

For the Blue POD and Blue POD Solo

Figure 1: The Mounting Brackets

The Blue POD and Blue POD Solo can be mounted in a variety of positions, including underneath a table or on a wall. The device can be mounted upside down or vertically, if necessary.

Kit Includes

- (2) Mounting Brackets [BKT 036]
- (4) #6 x 3/4" self-tapping screws [FSS 668 BK]
- (4) #6-32 x 3/8" screws [FSM 638 BK]

Secured Surface Mounting

For mounting on top of a table, on a shelf, or other positions where the device sits on the top of a surface.

1. Attach the brackets to the device with the four shorter #6-32 x 3/8" screws with the flat edge of the bracket facing downward.
2. Drill 3/32" pilot holes into the table or shelf, if necessary.
3. If needed, screw the longer #6 x 3/4" screws into the surface the device is being mounted to.

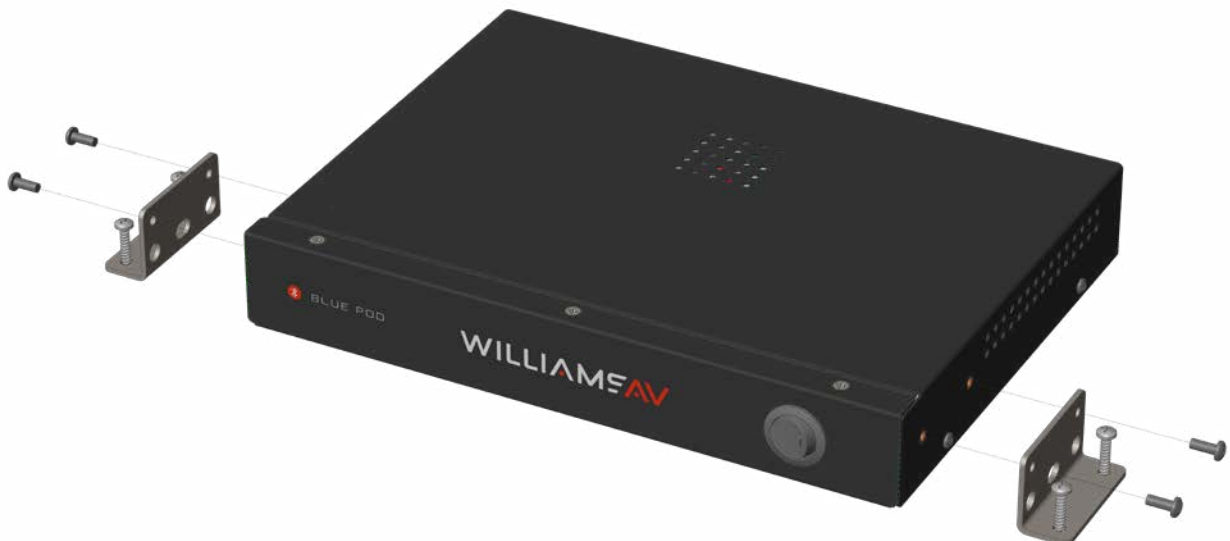

Figure 2: Insert the screws as shown for mounting on top of a surface.

Suspended/Hanging Mounting

For mounting underneath a table, counter, or other positions where the device is hanging below the surface.

1. Attach the brackets to the device with the four shorter #6-32 x 3/8" screws with the flat edge of the bracket facing upward.
2. Drill 3/32" pilot holes into the table or counter, if necessary.
3. Screw the longer #6 x 3/4" screws into the surface the device is being mounted to.

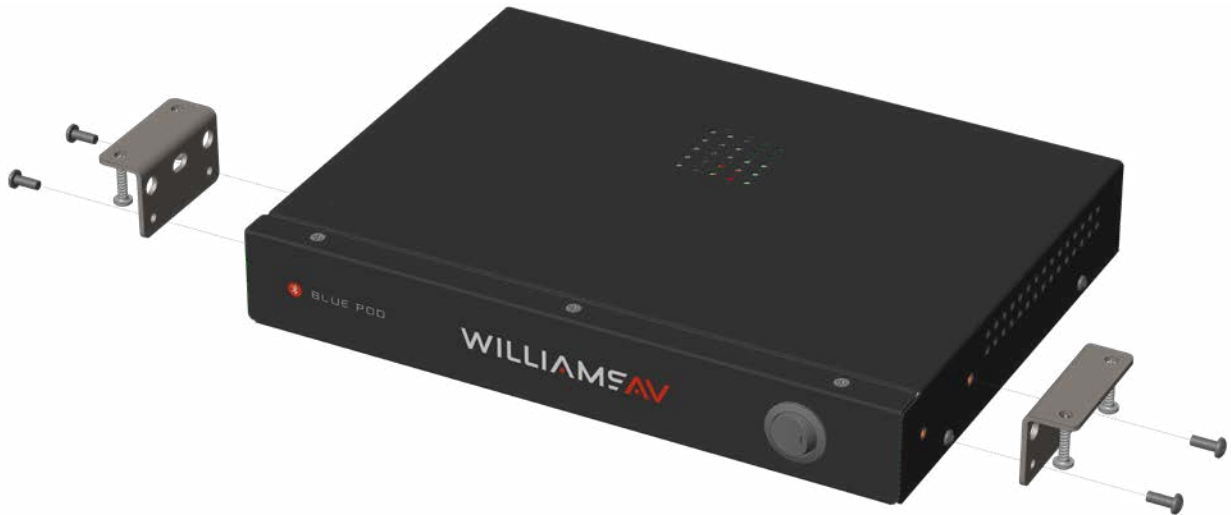

Figure 3: Insert the screws as shown for mounting underneath a surface.

Recycling Instructions

Help Williams AV protect the environment! Please take the time to dispose of your equipment properly.

Please Recycle

Please do NOT dispose of your equipment in the household trash. Please take the equipment to a electronics recycling center for proper disposal.
