

# Utility Cart Tray

UCA1500 / 14172

NEW PRODUCT

## Features and Benefits

Seamlessly upgrade your On-Stage UTC Series Utility Cart into a mobile workstation! With an incredibly simple and hassle-free set up, the UCA1500 Utility Cart Tray can be assembled on your UTC cart at various heights to accommodate whatever your mobile-set up requires! Great for mixers, DJ controllers, laptops, and other similar equipment, this tray top features two surface holes for cable feeding, and 10 cable ties for an organized, on-the-go setup. Compatible with the On-Stage utility carts.
