AUDIO PRODUCTION TOOLKIT: AKG LYRA USB MICROPHONE & AKG K371 HEADPHONES

HIGHLIGHTS ■

All-In-One Podcaster Kit

Includes AKG Lyra USB microphone, AKG K371 headphones, Ableton® Live 10 Lite audio production software, free Berklee Online introductory recording course and all interconnecting cables

Ultra-HD Sound Quality

Lyra captures up to 24-bit/192kHz high-resolution audio, and K371 headphones—with 50mm titanium-coated drivers—provide a wide frequency response to hear every detail

Multimode Microphone

Lyra has four selectable capture modes—Front, Front + Back, Tight Stereo and Wide Stereo—making it capable of capturing audio in a variety of applications

Long-Wearing Comfort and Isolation

K371 headphones provide utmost comfort and isolation thanks to closed-back, over-ear design and oval-shaped earpads

AKG Podcaster Essentials includes everything you need to get professional quality audio for your podcasts or videos, including an AKG Lyra Ultra-HD multimode USB microphone, AKG K371 professional closed-back headphones, Ableton Live 10 Lite audio production software, a free introductory recording course at Berklee Online and a full set of accessories including cables and headphone splitter. You'll be ready to record in minutes with tools optimized for capturing high-quality audio, whether you're in the studio or on location.

KEY MESSAGES ■

AKG Lyra USB Microphone

For 70 years, the world's top recording studios and concert stages have relied on AKG microphones to craft the biggest hits. AKG Lyra brings that legendary acoustic engineering to a versatile USB microphone that plugs directly into your computer, tablet or phone to enable you to record pristine audio in 24-bit/192kHz Ultra-HD quality. Lyra offers four user-selectable capture patterns, built-in noise reduction and sonic enhancements to optimize your audio for any performance or source.

AKG K371 Headphones

AKG K371 professional studio headphones combine performance, accuracy and supreme comfort in a compact, folding design that's ideal for production in the studio or on location. K371s are precision-engineered to match AKG's Reference Response acoustic target to reproduce natural, balanced audio in extraordinary detail. Their high-sensitivity, 50mm drivers deliver deeper bass and higher highs than any other model in their class, with a stunning frequency response of 5 Hz to 40 kHz.

The K371s' over-ear, closed-back design provides superior isolation in noisy environments and prevents sound bleed into your microphone. Headphones are gorgeously styled with plush, slow-retention foam pads and an adjustable calibrated headband for a perfect fit, every time. Earcups swivel 90 degrees for single-ear monitoring, and their feather-light weight keeps ear fatigue at bay.

Ableton Live 10 Lite

Feed your creativity with this fast, flexible, lightweight version of Ableton's Live 10 audio production software for Mac/PC. This streamlined application gives you everything you need to quickly and easily produce pro podcasts, with robust, intuitive features that let you edit together takes, add sound effects, shape the sound of your voice and even create your own background music with pre-recorded loops.

Berklee Online Recording Course

This four-part course provides a broad introduction to audio production, from microphones to multitracking. You'll learn about recording gear and techniques, working with digital audio, critical listening, polishing your mixes and much more.

Podcaster Essentials

AUDIO PRODUCTION TOOLKIT: AKG LYRA USB MICROPHONE & AKG K371 HEADPHONES

ORDER SPECIFICATIONS ■

Single Giftbox Dimensions (L x W x H):	10.51 x 9.06 x 10.24 in (267 x 230 x 260 mm)
Single Giftbox Weight:	5.18 lb (2.35 kg)
Master Carton Qty:	4 pcs
Master Carton Dimensions (L x W x H):	21.65 x 18.50 x 11.06 in (550 x 470 x 281 mm)
Master Carton Weight:	23.34 lb (10.6 kg)
AKG SKU:	5122010-00
UPC Code:	885038040811
EAN Code:	9002761040814

IN THE BOX ■

- Lyra microphone
- K371 headphones
- USB-C to USB-A cable
- 1.2 m (2.5') straight headphone cable
- 3.0 m (9.8') straight headphone cable
- 3.0 m (9.8') coiled headphone cable
- 3.5 mm (1/8") to 6.5 mm (1/4") headphone adapter
- Headphone splitter (supports two headphone connections)
- Protective headphone carrying pouch
- Registration card for Ableton Live 10 Lite
- Registration card for 4-part introductory recording course from Berklee Online
