TCS115-FP-R

Fly Plate Kit for TCS115 Subwoofers
(Weather Resistant)

- Fly plate kit for TCS115B subwoofers
- Arrays loudspeakers in either vertical or horizontal configurations
- For use with inter-cabinet couplers
- Weather resistant stainless steel construction
- Hard wearing semi matt black powder coat finish
- 3-Year Warranty Program*
- Designed and engineered in the U.K.

The TCS115-FP-R consists of a pair of stainless steel weather resistant fly plates specifically designed for flying TCS115 weather resistant cabinets. The matt black powder coated fly plates feature recesses that accept TCS-FK3-R inter-cabinet couplers, with all being secured to the cabinet using the four M10 bolts and spring washers supplied with the fly plate kits.

A complete TCS115-FP-R kit is required for each TCS115 cabinet that is to be arrayed.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.

*Warranty details can be found at music-group.com.

Contents

Mounting and Rigging

The TCS115-FP-R fly plate kit is designed to work with the TCS115B subwoofer. It allows an array of two or more cabinets to be configured using the TCS-FK3-R inter-cabinet coupler.

Horizontal pair using fly plates and inter-cabinet couplers on top and bottom.

Vertical array using fly plates and inter-cabinet couplers on left and right.
